Your support fuels our programs and mission "To provide individuals with Down syndrome and their families with the tools, resources and support necessary to participate in, contribute to, and achieve personal fulfillment." Together we create a world where people with Down syndrome have limitless opportunities and live life to the fullest.

*Invest in the work to help people with Down syndrome pursue their dreams.*
Here is a snapshot of our work...AND what you are supporting!

**Annual Buddy Walk - our flagship event!**
The Buddy Walk® was established in 1995 by the National Down Syndrome Society to promote acceptance and inclusion of people with Down syndrome and is held across the United States. Our Buddy Walk is our largest event of the year, with 100 volunteers and over 600 generous donors and walkers! The event brings us all together for a common cause and is a fun day to be sure, but it's also a very important one. Many families attending the Buddy Walk are first timers who are still figuring out what the diagnosis means for their loved one. Seeing the hopeful possibilities and learning from other families is an uplifting experience that brings us back year after year.

**The Zdenek Enrichment Fund**
Our Enrichment Fund, originally inspired by the Zdenek Family, has become a critically important program which financially supports our members with Down syndrome to acquire adaptive equipment and subsidize activities which enrich lives, such as swimming lessons, horseback riding, gymnastics, summer camps, and more. The impact is amazing: promoting empowerment, fostering independence, building muscle tone and health, cultivating cognitive development, and raising community awareness and acceptance.

**New Family Support, Education & Resources**
We offer immediate support & information to expecting and new families with a baby born with Down syndrome, and initiate and welcome these families into our community. Our support network and continued education through year-round programming offers important up-to-date information with a suite of online learning workshops & presentations. We also act as a Down syndrome resource to our regional medical centers.

**For Good Performance Troupe**
The For Good Performance Troupe offers an opportunity for persons with Down syndrome to participate in community musical theater and performance activities while offering the broader community the opportunity to observe and celebrate their success. The Troupe cultivates independence, empowerment, speech skills, cognitive development and lasting friendships. Participants also gain tremendous experience with the stage and their confidence and comfort in performing is inspiring. Now in its 12th year, we celebrate our Troupe!

**Athletics & Health Programs and Activities**
From online exercise programs to supporting Little League Challenger Baseball and our growing partnership with the dynamic health programs of the YMCA, we actively source and deliver physical, health-boosting & social interaction programs that deliver real value and exceptional support to our members who have Down syndrome.

**Social Events**
Socialization and forming friendships is paramount to individuals with Down syndrome. We organize a wide variety of events. From YES21! programs for young adults to the 3-21 Dance, Summer Carnival and special holiday gatherings for everyone, our programs strive to provide an environment where friendships form and emotional needs are met.
